Story

The AC6150 Dual Display Docking Station turns your laptop in a complete working station. All peripherals, like a screen, mouse, keyboard and networking cable can be connected to your laptop by using only one USB-A SuperSpeed cable. The AC6150 adds a Gigabit LAN port, 6 extra USB ports, a microphone and headphone connection to your laptop. You will save space on your desk by the vertical placement of the Docking Station. A USB-A to USB-B 3.2 Gen1 cable, DVI to VGA adapter and power adapter are included.

Turn your laptop into a complete working station with only one USB cable

The AC6150 lets you connect up to 2 full HD screens (max. resolution 2048x1152) to your laptop by using the HDMI and DVI/VGA port. The Docking Station has a Gigabit LAN networking port and a microphone and headphones connection. The dock extends your laptop with 6 additional USB ports: two USB-A 3.2 Gen1 ports on the front and four USB-A 2.0 ports on the rear.

Vertical placement for saving space on your desk

Place the AC6150 Docking Station with SuperSpeed USB vertical on your desk and save space. Besides the space-saving feature, all connections are easy accessible.
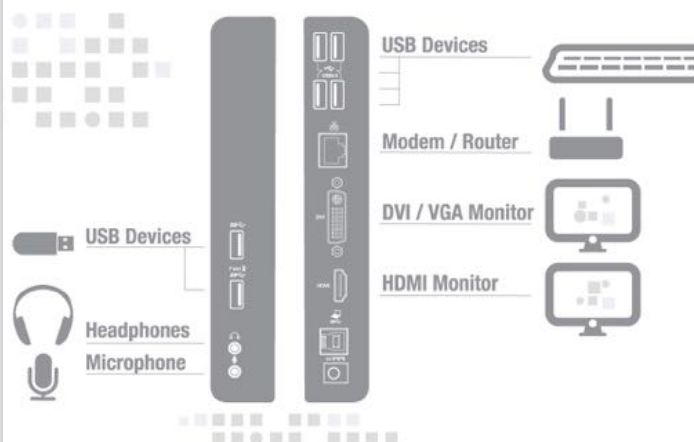

Suitable for laptops with a USB 3.2 Gen1 or USB 2.0 port

The AC6150 Dual Display Docking Station can be used with all laptops that have a USB-A 3.2 Gen1 or USB-A 2.0 port. A USB-A to USB-B 3.2 Gen1 cable, DVI to VGA adapter and power adapter are included.

Charge your smartphone and tablet via the USB charging port

Does your smartphone or tablet need a power boost? Connect your smartphone or tablet to the USB charging port on the Docking Station and charge the battery.
