

# **Aluminium Laptop Stand**

Item No. AC8115

# DESCRIPTION

- Ergonomic lightweight aluminium design
- Relieves strain in back, neck and shoulders

- Non-slip rubber pads to prevent the laptop from sliding
- Suitable for laptops up to 15.6"
- Viewing angle: 20°
- Cable management

Use the AC8115 Aluminium Laptop Stand for working more ergonomically on your laptop. The solid stand has non-slip rubber pads that keep the laptop in place. The stand is suitable for laptops up to 15.6". The stand has integrated cable management.

#### Ergonomic: relieves strain in back, neck and shoulders

Raise your laptop to a comfortable angle (20°) with the AC8115 Laptop Stand. It relieves strain in your neck, back and shoulders.

#### Solid aluminium design

The AC8115 has a solid aluminium design with non-slip rubber pads that prevent the laptop from sliding.

### Integrated cable management

The laptop stand has a notch for guiding the cables through and to keep the cable clutter out of sight.
