

LCS-8339T

5-speed 10Gb

Ethernet PCIe adapter

The LCS-8339T 10Gb Ethernet PCIe adapter is a cost effective, high-performance network interface card. It operates in NBASE-T and 10GBASE-T modes and integrates easily with Fast Ethernet switch, Gigabit Ethernet Switch and 10Gb Ethernet switch.

Features:

- ◆ Complies with IEEE 802.3an 10GBASE-T standard
- ◆ Complies with IEEE 802.3u 100BASE-T standard
- ◆ Complies with IEEE 802.3ab 1000BASE-T standard
- ◆ Complies with PCI Express specification, revision 2.0
- ◆ PCI Express x 4 Lane host interface
- ◆ Supports 10Gb, 5Gb, 2.5Gb, 1Gb and 100Mb Auto-Negotiation
- ◆ Supports NBase-T of 2.5Gb and 5Gb over Cat 5e cable
- ◆ Supports IEEE 802.1Q tagged VLAN
- ◆ Jumbo Frame sizes 16K bytes
- ◆ Up to 64Kb large send
- ◆ Low Profile PCIe Form Factor (Bracket included)
- ◆ Supports Full-Duplex operation
- ◆ Plug and Play Installation
- ◆ Supports Microsoft Windows driver: Win 7 32/64-bit, Win 8.0, Win 8.1 and 10
- ◆ Supports Linux drivers: 3.10, 3.12, 3.2, 4.2 and 4.4
- ◆ Boot Options: UEFI and PXE
- ◆ FCC, VCCI and CE class B certification
- ◆ Dimension: 85 x 70 x 15 mm
- ◆ Weight: 78gram
- ◆ EAN: 4016621129248
