# RM-1922

19" 2U server case

The RM-1922 is a reliable and stable 2U industrial computer chassis with 390 mm depth. It supports all micro ATX motherboards with a Dual-core / Quad-Core processor and 7 low profile add-on cards. It has a high quality aluminium front panel despite its low price. For air ventilation two 80 mm cooling fans are positioned at the front side. In addition the RM-1922 supports a micro ATX or PS/2 power supply.

Technical Data

General data
Model	**RM-1922**
Article no.	19202
EAN code	4250078166764
Brand	RackMax
Color/material	Black/ 1.0 mm SGCC
Form factor (1U= 1.75 Inch)	2U
Dimensions (WxHxD)	428 x 89 x 395 mm

Disk drive bays
Disk drives	6x 3.5" HDD

Motherboard (M/B)
Form factor	Micro ATX Mini ITX

Power supply
Form factor	Micro ATX or PS/2

Fans
Front side mounting	Mounting frames for 2x 80 mm fans (hight max. 25 mm) at the front

Expansion slots
Number	7x low profile add-on cards

Front panel
Switches and input	Power On/Off, System Reset, 2x USB 2.0 (2x USB 3.0 optional)

Displays
LEDs	Power ON / OFF HDD access

Scope of delivery
RM-1922

Logistical Data

Packing unit:	1 pce / carton	**Dimension / article:**	428 x 89 x 395 mm
Gross weight (single carton):	7 kg	**Country of origin:**	China
Net weight:	5,4 kg
